Endangered Species Riddle

According to the National Park Service, grizzly bear extinction facts and stats from 1975 show that there were only 136 grizzlies at the time. Today, their numbers have grown to 718. How many more grizzly bears are alive today compared to 1975?

Show your work here.

Grizzly bear habitats include woodlands, forests, alpine meadows and prairies. In the space below, draw a grizzly bear in its natural habitat.

A large rectangular area enclosed by a dotted line, intended for drawing a grizzly bear in its natural habitat.
